## **DETAILED ACTION**

### ***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on 08/07/2007 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

### ***Acknowledged Receipt***

Receipt is acknowledged of the changes to the claims and the remarks related to the previous rejection, all of which were filed on 09/21/2007. The above have been considered and entered.

### ***Allowable Subject Matter***

Claims 1-17, 32 and 33 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1, 12, 32 and 33, the prosecution history, especially at the previous Remarks by Applicant (09/21/2007, pp. 10-11) clearly indicates the reasons for allowance.

Specifically, regarding independent claims 1, 32, and 33 the prior art fails to teach or suggest an organic EL display having the connection electrodes being disposed in the recited space between the first and second substrates, in combination with the remaining limitations of the claims.

Art Unit: 2879

Specifically, regarding independent claims 12 the prior art fails to teach or suggest the first substrate having the plurality of driving elements and also the second substrate having the second electrode, in combination with the remaining limitations of the claim.

The remaining claims are allowable due to their dependency.

Any comments considered necessary by the Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of reasons for Allowance."
